**(April 3, 2006)**

**Erodible Soil Eastern Washington**

The eighth paragraph of Section 8-01.3(1) is revised to read:

Erodible soil not being worked whether at final grade or not, shall be covered within the following time period using an approved soil cover practice, unless authorized by the Engineer:

July 1 through September 30	30 days
October 1 through June 30	15 days
